## OLD SOLDIERS' REUNION.

Confederate Veterans Gathering at Louisville for the Reunion.

### THE FIRST SESSION.

Reunion Hall Crowded. Listen to Welcoming Address and Replies—Prominent Veterans Cheered as They Spoke.

Louisville, May 30.—Shortly after noon today the annual reunion of Confederate veterans began in Reunion hall. Although disagreeable, rain coming down in torrents at times, and fears were expressed that the first session of the reunion would be marred. However, two hours before the time set for calling the meeting to order the clouds began to break and by noon, although the weather was not exactly what might have been desired, the sun shone brightly and there was definite promise of fair weather.

The hall again before the time set for the commencement exercises was crowded to doors, many hundred ladies being present in the hall.

As distinguished leaders of the Confederacy came to the hall they were greeted with enthusiastic cheering by the crowds. General Gordon in particular was the object of a most enthusiastic greeting. General S. D. Lee also received a warm reception. General Simon Bolivar Baker and various other organizations were cheering each other. Enthusiasm of the same quality throughout, the difference that increased in volume as the crowd grew in number.

The decorations of the hall were elaborated in the best taste, the prevailing color was naturally the old colors of the confederacy stars and bars being hung profusely on all sides of the building.

Along the north side of the hall were placed portraits of distinguished heroes of confederate service, each state being honored by a selection of some one of its fighting men. The portraits included those of Raphael Semmes, Wade Hampton, John B. Gordon, Stonewall Jackson, Robert E. Lee, S. B. Buckner, Joseph E. Johnston, Leonidas Polk, Stephen D. Lee, Nathan B. Forrest, John Morgan, John C. Breckenridge, Isham G. Harris and Colonel John Marshall. The portraits were unveiled in the evening with appropriate ceremonies.

Hung upon the windows back of the rostrum at the east end of the hall were painted the names of illustrious soldiers of the south, now dead. The name of General Longstreet was the only one of living generals inscribed upon one of the panels. Around each of the names was drawn a laurel wreath of crimson. Above the names of the dead soldiers was an inscription stating that only 110,000 Confederate soldiers laid down their arms at the close of the war.

There was as usual in such gatherings much delay in getting down to business for the first session, and although the official time for opening the convention was noon, it was somewhat after that time when Major General Poyntz, commanding the Kentucky division of Confederate veterans, called the assembly to order. He announced that the exercises would begin with singing of the doxology, and after it had been sung by the entire assembly with fervor, he introduced Rev. William Jones, chaplain-in-chief, who delivered a short prayer.

Mayor Weaver of Louisville came forward and in a neat address welcomed the veterans to the city. Then came a series of short welcoming speeches. Col. Thomas W. Bullitt, welcomed the visitors on behalf of the Board of Trade, Rev. Caster Helm welcomed the veterans on behalf of the commercial club and Attila Cox speaking for the finance committee of the reunion. The final address of welcome was delivered by Judge James H. Hazelrigg, chief justice of the supreme court of Kentucky, who spoke on behalf of the Kentucky division of the association. All of the welcoming speeches, which were brief, were most happily received. On behalf of the Confederates of Kentucky General Simon Bolivar Buckner spoke briefly. The Confederate Glee club rendered "My Old Kentucky Home" and then Colonel Bennett H. Young of this city, chairman of the reunion committee, presented the building to the visitors in an eloquent address.

After the rendition of several selections by the Glee club, General John B. Gordon, commander of the United Confederate Veterans, responded to the speech of presentation made by Colonel Young. He was greeted with the greatest enthusiasm and his address throughout was frequently interrupted by cheers.

Rev. B. Palmer of New Orleans, then delivered the annual address. At the conclusion of the address of Dr. Palmer, which was received with frequent cheers, the meeting adjourned until tomorrow after appointing committees on resolutions and credentials which are to report at that meeting.

During the afternoon several receptions were held.

The opening meeting of the Sons of Veterans was called at 10 o'clock this morning, but Colonel Colquitt's official order shows the first session is called for tomorrow morning.

Commander Colquitt is not a candidate for re-election. So far as known at the Sons of Veterans headquarters Discoe Hindman is the only accredited candidate, but friends of R. E. Lee a grand son of the famous Confederate general say he will be a candidate and declare they will make the race a close one. Mr. Hindman is son General T. O. Hindman of Arkansas, who was the youngest general of the Confederacy.

### Blue and Gray Monument.

Hagerstown, Md., May 30.—The monument erected to the Blue and Gray on the Antietam battlefield by the state of Maryland, was presented to the national government today by Governor Smith in the presence of an immense throng, including the president, members of the cabinet, senators and representatives and thousands of veterans of both armies. The principal address was delivered by President McKinley.

### Strew Flowers on the Water.

Centralia, Ill., May 30.—One year ago on Decoration day, the young ladies of this city conceived the idea of strewing flowers upon the water in memory of the brave marines who were lost by Spanish treachery in blowing up the Maine in Havana harbor. Their action was repeated here today.

### WILL RETALIATE.

Scheming to Get Even With the German Meat Bill.

Washington, May 30.—Germany may be met with spirited retaliation by the United States if the meat bill now pending in the bundsrath is enacted into a law.

The subject was not discussed at the meeting of the cabinet and a member of the cabinet said that no retaliatory measures would be adopted after the German bill had become a law and its provisions had been studied. In the meantime, however, there may be congressional action.

President Springer of the National Live Stock association said that it was the intention of the association to exert all its influence to bring about the speedy enactment into law of the bill introduced by Representative Bailey of Kansas directing the president to impose and collect an additional duty of 10 per cent on all imports from Germany, in the event of the enactment of the German bill.

Mr. Springer said he was confident of the ability of the national live stock association to force the passage of this bill as it represented all the cattle breeders' associations of the country, as well as all the stock yards and packing house interests. The total capital represented by the association, he said, was \$600,000,000.

### ATE POISONED FOOD.

Bodies of Twelve Italians Found in the Woods of West Virginia.

Montgomery, W. Va., May 30.—Twelve Italian laborers were found dead in the woods 40 miles southeast of here, their deaths being the result of eating poisoned food which they had stolen.

They were part of a gang of laborers employed by a construction company building on the Paint Creek railroad. They boarded in the contractor's camp, where a large amount of provisions was stored. Much of it was stolen and the negro cook, unknown to his employers, put rat poison on some meat and flour, which also disappeared.

A mountain hunter discovered the bodies. The authorities have not yet taken any steps in the matter.

### Mount's Candidacy Revived.

Indianapolis, May 30.—Talk of Gov. James A. Mount for the nomination for vice president has been revived since his refusal to honor the Finley requisition. That action has won for him the favor of Republicans who were not crying themselves hoarse for him before. Many men that were not willing to support him before are now ready to stand by him now. Governor Mount refuses to discuss the matter, as he has done all along, but his close friends say he would allow his name to go before the convention should there be a demand for it.

### Kansas City Strike Off.

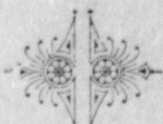

Kansas City, May 30.—The strike of the union street railway men in Kansas City has been declared off. At a meeting of the strikers a committee was appointed to wait upon President Holmes of the Metropolitan company and offer to declare the strike off on conditions that the strikers be taken back. President Holmes declined to consider the proposition, and later the strike was declared off, leaving the men free to secure reinstatement upon individual application.

## WASHINGTON NEWS.

Senate Disposes of a Number of Resolutions and Bills.

Washington, May 30.—The house bill permitting the construction of a dam across New River in Grayson county, Va., was passed by the senate.

Mr. Jones of Arkansas, reported a house bill authorizing the commissioner of general land office to dispose of the Choctaw Indian orphan lands in Mississippi and it was passed.

A bill authorizing the secretary of the interior to set aside certain lands in San Juan County, Colorado, and permitting the mayor of Silverton, Colo., to enter the lands for cemetery purposes was passed.

Mr. Pettigrew's resolution calling upon the secretary for information as to the leasing of grazing lands in Oklahoma was agreed to.

Another resolution offered by Mr. Pettigrew calling upon the secretary of state for all communications, reports and charges he has received relative to the management of the Creek Indian reservation in South Dakota, also was passed.

The Teller resolution expressing sympathy for the Boers was referred to committee on foreign relations.

Consideration of the sundry civil appropriation bill was resumed. Mr. Cockrell of Missouri offered an amendment appropriating \$5,000,000 for the Louisiana Purchase exposition at St. Louis in 1903, which was agreed to.

A motion to reconsider was pending when the senate adjourned to tomorrow. When the house met Mr. Grosvenor of Ohio, from the committee on rules, presented a special rule ordering the previous question upon the bills, 190 in number, favorably acted upon in the whole.

The special rule was adopted but was immediately displaced Mr. Foss, of Ill., who presented the conference report of the naval appropriation bill. The conference report was agreed to without division.

Mr. Foss moved that the house recede from its disagreement and agree with an amendment striking out all reference to surveys, but increasing the appropriation for charts, etc., from \$10,000 to \$20,000.

This was agreed to. Mr. Foss moved that the house recede from its disagreement to the armor plate amendment of the senate and agree to it with an amendment authorizing the secretary of the navy to contract for armor plate at a price deemed reasonable by him and if he cannot procure armor at an equitable price, authorizing him in his discretion to purchase a site for the erection of an armor plate factory to cost not to exceed \$4,000,000. The motion was finally agreed to and the bill sent to further conference.

The caucus was attended by about 80 Democrats. Mr. McRae of Arkansas acted as chairman.

After adopting a resolution favoring a reduction in the war tax of at least 50 per cent, Mr. Ball of Texas presented resolutions favoring an adverse vote on the antitrust constitutional amendment, and a favorable vote on the proposed Democratic antitrust substitute bill. The resolution further provided that in the event of the defeat of the substitute, support would be given to the antitrust bill as reported.

**MASSACRE FEARED.**

Foreign Envoys at Peking Decide to Protect the Legation There.

Shanghai, May 30.—The rebellion continues to grow in intensity and the gravest fears are entertained of its ultimate extent. The foreign envoys at Peking, fearing a massacre in the capital, have decided to bring up the guards of the legation.

The rebels are now massing outside of Peking and their numbers are reported to be constantly augmenting. Fresh contingents of armed malcontents are coming up almost hourly from the north.

Imperial troops who were sent to disperse the rebels found themselves hopelessly outnumbered. Several hundred were killed and two guns and many rifles were captured after which the most of the remaining troops went over to the rebels. They are now marching side by side.

It is believed the "boxers" have the sympathy of the entire Manchu army in the anti-foreign crusade and there is no doubt that they have the countenance of the empress dowager and of Prince Ching.

**Americans Begin to Leave.**

Tien Tsin, May 30.—A hundred American marines from the American cruiser Newark are expected here.

An armed rescue party of French and Germans have started to try to relieve the besieged Belgians. The viceroy under the pressure of the French consul has permitted the rescuers to travel by railroad to Fong Ti, where Chinese protection ends.

The Belgians are besieged at Chang Tsin Tsin near Teng Tai.

**Troops Landed at Taku.**

Shanghai, May 30.—The British war ships Orelan and Algerine have landed 100 men at Taku where French, Russian and Japanese guards had already disembarked. The "boxers" are apparently without arms, except those they obtained from soldiers, many of whom openly joined the rebels.

**To Guard the Legations.**

Tien Tsin, May 30.—American, British, Japanese, German, Italian, Russian and French troops to the number of 100 each have been ordered to guard their respective legations at Peking, but the viceroy here will not allow them to proceed hence on the railway without the authority of the tsun li yamen. One hundred and eight Americans with a machine gun and field gun landed here Tuesday night amidst great enthusiasm.

**RIOTS AT ST. LOUIS.**

Three Persons Fatally Shot and Several Seriously Wounded.

St. Louis, May 30.—Three riots occurred on South Broadway late yesterday over the attempt of the Transit company to run its cars on that line, several arrests have been made.

The following casualties are reported: Herman Pestchke, shot in the back, fatal.

John T. Rica, shot through the chest, fatal.

WASHINGTON NEWS.

Roberts in the Suburbs Ready to  
Attack the Town.

**REMARKABLE MARCH**

Great Britain Astonished at the Progress He Has Made—Krugers Reported to Be Ready to Ask for Peace Terms.

London, May 30.—General Roberts is bivouacking in the suburbs of Johannesburg and intends to make a victorious entry at noon today. Judging from his dispatch, he must have private information regarding the disposition of the garrison in the fort, as he does not seem to expect opposition.

Roberts' cavalry has moved on beyond Johannesburg. A portion is understood to be at Zuurfontein, seven miles north of Johannesburg and within 20 miles of Pretoria. Roberts, although with a broken bridge at Vereeniging and a wrecked railway behind him, has somehow managed to get forward sufficient supplies for his large force.

As he has been able to do so much, it is considered possible that he will be outside of Pretoria by Friday.

The rapidity of his advance is thought an extraordinary achievement, even by grudging continental critics.

The Boers, who were expected to fight along the line of the hills known as Klipriviersberg, abandoned the eastern end of the ridge near General Roberts' advance line, but they stood their ground on the extreme right near Van Wyck's Rust, where they met General French's turning movement. The fight continued all day and the result is yet mere conjecture. Probably the Boer rear guard succeeded in keeping General French off and is now in the hills northwest of Johannesburg.

Without doubt the presence of Gen. Roberts with 40,000 men at Johannesburg will hasten the Transvaal's decision as to peace negotiations.

Dispatches from Lorenzo Marques described President Kruger as wavering but demanding a guarantee that he shall not be exiled to St. Helena.

The fighting burghers still continue to desert, and the total collapse of the Boer military organization is not far off.

Whether Pretoria will be defended is uncertain, although a Pretoria message dated Sunday, pictures the work of defending the capitol as going on "with feverish activity."

Pretoria is situated in a wilderness of kopjes and ranges, and is provided with defenses that require at least 20,000 men to man them properly. There may still be one hard nut for the British to crack.

The news that Roberts was practically master of Johannesburg was received in London with enthusiasm. A procession of students marched through the West End, cheering and singing. The announcement at the various places of amusement caused unusual demonstrations.

**ROBERTS' PROMISE.**

It Is Believed He Marched Into Johannesburg as He Anticipated.

London, May 30.—As Roberts has heretofore always fulfilled his predictions, it is taken for granted here that the British marched into Johannesburg at noon today. Indeed reports were current in the afternoon that telegrams had already been received announcing the fact and the serious part of the campaign from a military point of view is regarded as over.

Any prolonged defense of Pretoria is considered very improbable and many militarymen anticipate that General French will capture the Transvaal capitol within a day or two by a sudden and unexpected movement.

Public interest is largely centered on President Kruger, his capture or escape. The occupation of Pretoria will be largely robbed of its value, in the estimation of the British if Oom Paul is still at large and able to keep alive dying members of the war.

Pretoria dispatches says the situation at Johannesburg shows, as reported by Roberts, order is maintained in the gold reef city. The report that the British were driven back evidently refers to the prolonged fighting of French at Johannesburg. But apparently the British were not seriously checked, as Roberts does not mention it in his dispatch.

A dispatch from Mafeking, dated Friday, reports that Snyman, the Boer commander, has left his force and arrived at his farm with a shrapnel bullet in his foot. The Boer laager at Rooigrad, it is added, has retired further into the Transvaal and Mafeking is rapidly resuming a normal state.

It is officially announced that the Boers are leaving Natal.

General Hildyard has occupied Utrecht in the southeastern portion of the Transvaal.

**British Reported Repulsed.**

Pretoria, May 30.—A dispatch sent from Johannesburg last night describes the town as intensely excited throughout the day on reports that the British were approaching, but says the excitement subsided in the evening owing to rumors that the British had been driven back. There are large numbers of burghers at Johannesburg, but remarkable order prevails there.

**Suicide in Mobile.**

Mobile, May 30.—Jesse Onofore Vargas, an employe in the Mexican customs service, killed himself here with a pistol.

**MILICIAN.** Determined to

Villican, Texas, May 30.—The quarantine of the district is being rigorously enforced, a policeman being detailed to maintain a cordon around that district. Parts of blocks fronting on California and Kearney streets are not included as they are occupied by whites. Ropes are stretched across the streets and the Chinese closely hemmed in, even secret exits through some blocks being closed against them.

The Asiatics take the quarantine stoically. They had warning of what was coming and many left the district before the arrival of the police. The proportion of those who fled are small, however, and thousands are behind the lines.

All whites in Chinatown are allowed to pass out, but people outside of the lines are not let inside.

Policemen have stopped freight of all kinds from coming out, but let Chinese understand supplies for themselves might pass in.

Cable cars are permitted to pass through the quarantined district on condition that the passengers go inside the cars before entering the lines and no person is allowed to get on or off the cars in Chinatown. Another condition must be observed by the railway men, that of fumigating the cars at both ends of the line.

Health Officer O'Brien states that a careful house to house inspection will be begun in Chinatown at once and inspectors will, after receiving the sanction of the board of health, force their way into the houses if necessary.

**Believe It Plague.**

San Francisco, May 30.—Dr. Kellogg, who has been investigating the corpse of a Chinaman found in a Chinese undertaking establishment, expressed an opinion that the Chinaman had died of the plague.

**Quarantine Modified.**

El Paso, Tex., May 30.—Telegraphic orders from Dr. Blunt, now at San Francisco, modify the quarantine so as to permit through freights to cross the state. Pullman crews are changed at Deming, N. M., and Express company to unload their storage until the quarantine is lifted.

**FAMOUS CASE ENDED.**

Pryor and Roper Get Three Years for Kidnapping and Murder.

Muskogee, I. T., May 30.—The prosecutions growing out of the burning of two Seminole Indians at the stake near the Oklahoma border about two years ago came to an end here when Bird Ivanhoe, Samuel Pryor and R. Roper pleaded guilty to the charge of kidnapping the Indians and were sentenced to three years in the Federal penitentiary at Fort Leavenworth. About a year ago two others employed in the outrage were convicted and sentenced to 25 years in the penitentiary. All the other indictments, of which there were over a hundred, were nolle prossed.

**Arizona Indians Suffering.**

Phoenix, May 30.—According to S. M. McCowan, superintendent of the Phoenix Indian school, the Indians on the Pima reservation, east of Phoenix, are in a deplorably destitute condition and without prospects for immediate improvement. Many have nothing to eat except mesquit and old mesquite beans, and this not through shiftlessness but because last year's crop of wheat is exhausted and the new crop is not yet ripe. The crop will be very scanty this year. The Pimas are active and industrious, and the scarcity of water is the only reason for their present impoverished condition. This scarcity of water is due partly to the drought and partly to the fact that white settlers have preempted what water there is flowing above ground above the reservation. The Papagoes are in an even worse position than the Pimas.

**Witnessed His Wife's Murder.**

Birmingham, Ala., May 30.—Mrs. Mammie Caddell was shot and instantly killed by Mrs. Lily Gardner at Blocton. The murderess had been living with Caddell, the woman's husband. The wife had left home, but returned to get some of her belongings. Caddell looked on while his wife was shot down. Both were arrested and spirited away to save from lynching.

**Ex-Queen Lili Going Home.**

San Francisco, May 30.—Ex-Queen Lilioukalani sailed for Honolulu Tuesday on the steamer City of Pekin. The ex-queen does not look well, and it is said she is going home to die. All the medical skill of the east could not save her, and as soon as the news was broken to her she decided to hasten home and end her days among her own people.

**Expenses Reduced.**

Havana, May 29.—Acting Director General of Posts Bristow has reduced the expenses of the department \$1,500 by discharging three servants of Mr. Rathbone, whose wages had been carried on the official list, a coachman at \$600 a year, a gardener at \$360 and a laborer.

**Fate of a Safe Blower.**

Muskogee, I. T., May 30.—Lloyd Wilson in trying to rob a store at Holdenville blew open the safe with dynamite. The explosion mashed his right hand and injured the other and he will probably die. Wilson says he is an old railroad.

**Crime of a Crazy Nani.**

Centerville, Tex., May 30.—Charley Knight, a farmer of this place, while in a demented condition, shot once at Mrs. David Price, his neighbor, and then turning to his wife, fired two shots at her, then killed himself.
